\*Students of grades I-IX of the Municipality of Kamenica

\*Selection and mentoring by MArch. IBRAHIM BEQIRI

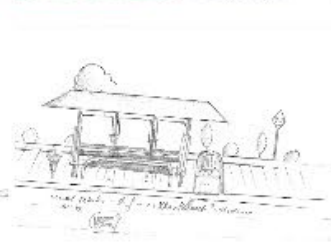

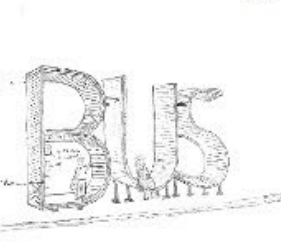

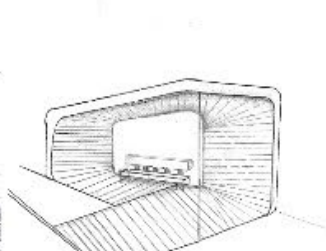

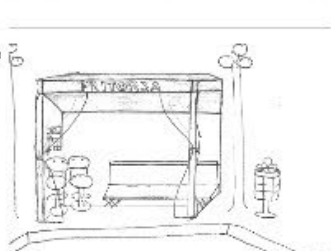

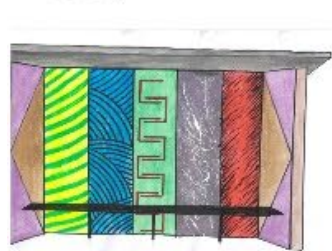

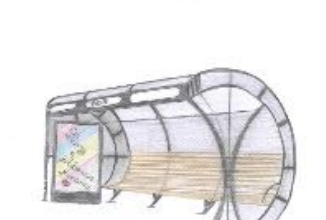

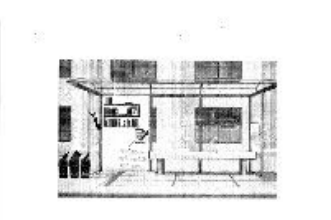

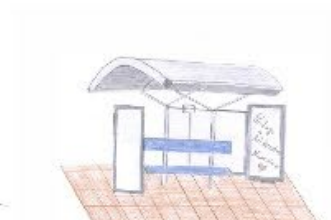

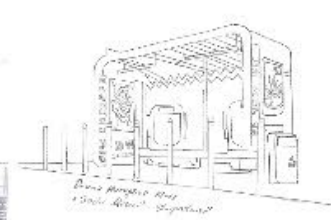

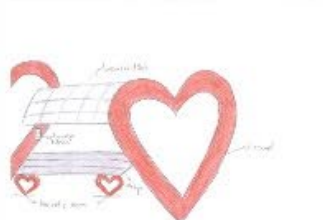

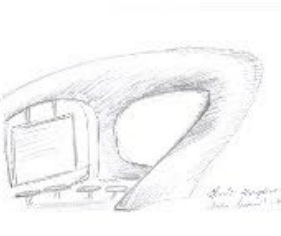

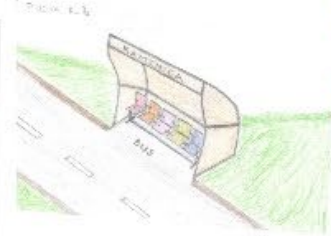

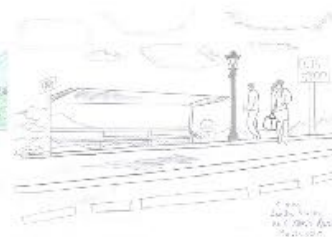

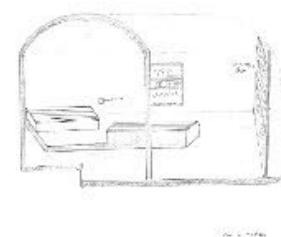

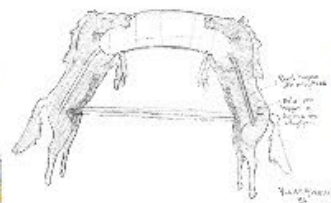

... in the subject of Visual Art

## BUS STOPS OF THE FUTURE!

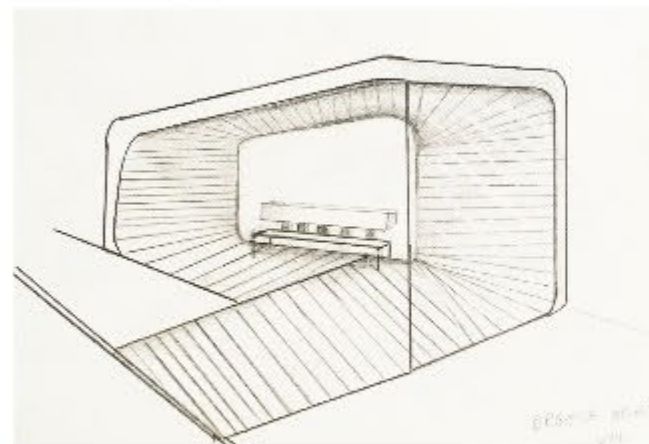

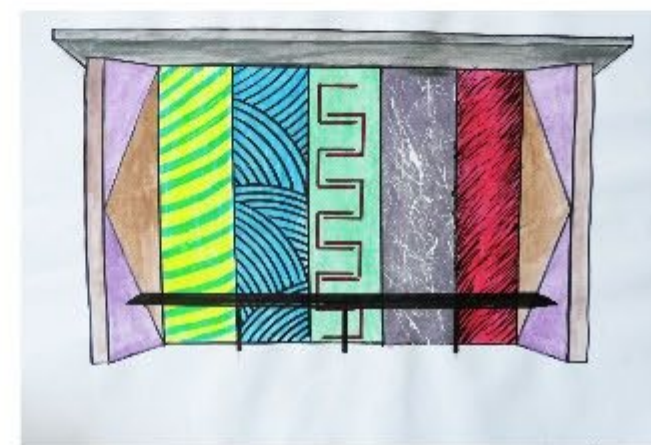

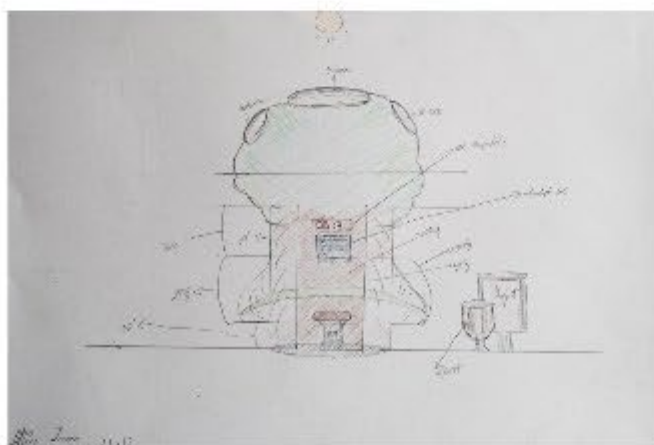

“Imagine (Draw) the Bus Stops of the Future!” Kicked off our design process. **Students** from first to ninth grade **were invited to draw** their vision of future bus stops during art class, and we selected **the most imaginative designs for inspiration!**

## Selected drawings

Inside the tree & Sun

Bike & Green Roof

Mini Market & Books

Graphics & Narration

Arch & Signage

Continuous Floor

BUS STOPS  
OF THE FUTURE!

Old Bust Stop Structure

From a **closed, rough & boring structure** we transformed the cities bus stops into an **open, refined & attractive place** that **celebrates natyre & create engagemet**

New Bust Stop Structure
